STRONG RESOLUTIONS BY LAFAYETTE POST, NO. 146-RECEPTIONS AND ENTERTAINMENTS OF THE WEEK-WHAT THE VET-

ERANS ARE DOING. mmander-in-Chief Adams and Department olutions recently adopted by Lafayette No. 140. The patriotic sentiments and true American spirit which these resolutions breathe cannot fail to find a genuine response in the hearts of Grand Army men in every part of the Union. preamble recalls the fact that from 1861 to more than a million loyal sons of the Republi left their homes and assumed the risks incident to war; that the victory for loyalty and for the g cost 400,000 loyal lives, made 300,000 Union soldiers and sailors cripples for life and left more than a million devoted mothers, widows, sisters and orphans to mourn. After all this sacrifice there stantly appearing in many parts of the land spirit of disregard for law and its peaceful modes administration on the part of a large number of those who assume that "freedom" means to do just as each one pleases, not seeming to understand that they themselves are protected by the laws they would destroy.

In view of this undenlable condition, members of Lafayette Post, composed of loyal soldiers and

sailors.

Resolved. That it is, in our opinion, the duty of all the authorities of the land-municipal. State and National-to enforce obedience to law at whatever cost; that respect for law is the steadying balance of the American citizen, and the lawless must be forced into silence and order.

Resolved. That we feel justified in pledging to the officers of the law throughout the land the hearty sympathy and co-operation of all members of the Grand Army of the Republic in every effort to put down unlawful assemblages and to quelt any spirit of disloyalty or resistance to the orderly and faithful administration of the law.

Resolved, That it is the judgment of this post that no other flag than "Old Glory" should float from any of our public buildings or be carried in procession, excepting on occasions when foreign officials are the guests of the Nation. a State or municipality, and the proper legislation should be had to this end.

LITERARY NOTES.

The December number of "The Pall Mail Maga-zine" has a table of contents from which few readers will be able to turn away. One irresistable item is the opening chapters of George Merc dith's new novel-a work which bears the quaint title of "Lord Ormont and His Aminta." Mr. Meretitle of "Lord Ormont and His Aminta." Mr. Meredith has published comparatively little of late, and there is much curlosity stirring in regard to this new story. Mr. Rudyard Kipling's "Bobs" is naturally accompanied by a portrait of that brave wearer of the Victoria Cross, General Lord Roberts. Mr. Bret Harte contributes a story. "The Mystery of the Hadlenda," and Mr. W. W. Astor offers "The Ghosts of Austerlitz." Many other interesting papers complete a striking I'st, and the number overflows with illustrations.

Mr. Oscar Wilde does not believe in the pains taking perusal of books; he considers that nobody has a right to have an opinion on a book at all unless he can make up his mind about it in half

MEETINGS OF THE CONGREGATIONS TO BE HELD TO TAKE OFFICIAL ACTION-A STATEMENT REGARDING DR. VAN DYKE'S HANESS.

The Rev. Dr. J. O. Murray, Dean of Prince Commander Cleary have lost no time in signify-ing their official approval of a series of ringing terian Church yesterday morning, the pastor, the Rev. Dr. Henry van Dyke, not having sufficiently recovered to be able to resume his pastoral duties. In view of the many inquiries which have been made concerning the health of the Rev. Dr. van Dyke copies of the following statement, obtained from his physician, were distributed in all the pews:

cian, were distributed in all the pews:

Dr. van Dyke's illness has been the result of the overstrain of the last ten years, aggravated by continuing to preach last spring long after he should have stopped work. It has resulted in nervous exhaustion and chronic disorders of digestion and nutrition, accompanied by severe and almost constant neuralgia of the left side. These maladies, though distressing, are curable, and have already yielded to treatment to such a remarkable degree as to make me confident, under Providence, of an early and complete recovery if the proper conditions are observed. Dr. van Dyke is anxious to return at once to the pulpit; but this would surely delay and perhaps prevent his complete recovery, and I cannot approve of it for a little time yet.

Among other printed announcements, also distributed in the pews, was the following, regarding the consolidation of the Brick Church and the Church of the Covenant:

The result of the consolidation will be that the united church will own our church property and the property in Thirty-fifth-st, where the Branch Sunday-school 4s conducted; our parsonage property, and some small income-producing trust funds. It will also own the Covenant Chapel, situated in East Forty-second-Covenant Chapel, situated in East Forty-second-st, and the fund which will come from the sale of the Church of the Covenant property at Park-ave, and Thirty-fifth-st. It is believed that the income from the property that will be received from the Church of the Covenant, together with the additional income from pew rents that will result from the accession to our numbers, will fully meet the increase in the expenses occasioned by the union of the churches. The work of the church will be increased, and the church will be strengthened by the union of the two existing congregations The Rev. Dr. Murray read the following notice, which will be repeated on December

Notice is hereby given that a meeting of the congregation of this church to consider and act upon the proposed union and consolidation between the corporations of the Brick Presbyterian Church in the city of New-York and the Church of the Covenant, and the agreement and petition therefor, will be held in the lecture-room of this church on the evening of Wednesday, December 29, at 9 o'clock.

the gravest consequences are involved, but it does not faiter in its confidence of victory.

After the passage of the Servian, Rumanian and Spanish treaties, the final struggle over the Russian treaty will begin. The expectation in official circles is that the close of this struggle will be announced within a month. The Reichstag's short liscussion of the retaliatory tariff yesterday had no practical import, as this tariff has been in effect since last July, or immediately after the Emperor signed the decree relating to the customs war with Russia. After disposing of the Russian treaty Chancellor von Caprivi hopes to make a new commercial convention with the United States on the basis of the revised American tariff.

Toward the end of the budge, debate on Thursday the speakers deviated from the main line of discussion to consider the Chancellor's general taxes as possible, yet at the same time was obliged to forbear from unloading too many burdens on agriculture. Anti-Semitism, the Chancellor said, was the most dangerous form of Socialism. While pretending to attack only Hebrew capitalists, it would menace eventually all capitalists. The diswould menace eventually all capitalists. The discontent created by the Anti-Semites inured ever to the benefit of the Socialist aglitation. The whole tenactic to prents 120 States Book Biding, or 200 st debate was rendered exceedingly entertaining by the keenness displayed by the Chancellor.

The Ministerial crisis in Italy is watched here with painful anxiety. Nothing, except the resteration of Crispi, would be so grateful to the For-eign Office as a Zanardelli Cabinet, with Alessandro Portis in an important Ministry. In well-informed financial circles the damaging reports now affoat about Crispi are not believed. His fall is known to have been due largely to a coalition of the bankers opposed to his reforms of the banking mine his position. That his return to power would strengthen both Italian credit and the position of

in authority at the German capital.

The speech made by Theodore Runyon, American Ambassador, at the Thanksgiving dinner, in toasting the Emperor, has elicited favorable comments from the German and American residents. Mr. Runyon said in part: "We are in a foreign land, yet one not entirely strange to us. We know the people and their language. They assisted to a great degree in creating the prosperity of the country of which we are so proud. We are not exiles here. We have come to drink at Germany's fountains of learning, to be taught at her schools of sciences and art. From the German people, from their gallant young Emperor down, we have received a generous and hospitable welcome. The Emperor, both in word and act, has shown kindness of feeling toward our country. He has given also striking and memorable evidence of his disposition in using his personal influence for the creation of the magnificent exhibits sent to Chicago." These words were heartily cheered.

tection. It is a mere opinion based on such facts as the examiner bas happened to learn relating to the title.

when he bought a lot on Broadway at a referee's sale, and creeted a large building on it. In 1875 he sold the and erected a large building on it. In 1875 he soid the property for \$180,000, and conveyed it by warranty deed. He thought nothing more of the matter until in 1883 the Court of Appeals decided, in passing upon the title to another lot that had been soid at this same sale of 1867, that there was a defect in the partition proceed-

ranter that he should look to him for protection. The trouble with the title arose because the courts had shifted their position on the joint in question, making wrong in 1885 what had generally been considered right in 1897. The unfortunate warranter, therefore, has been obliged to go into a long and expensive litigation at his own expense to try to maintain his title, with the prospect if he fails, of losing a small fortune, and, if he wins, o
